Event	Current Date (Dkt. No. 92)	Joint Proposed Date
Jury trial (5 days)	12/11/2023	1/22/2024 or thereafter at the Court's convenience

The parties have met and conferred and agree that, in light of immovable conflicts by team members on both parties—including counsel at trial in the first half of December 2022, other counsel at trials in early February 2023, in the second half of March 2023, and in mid-April 2023, as well as other counsel on parental leave—and the upcoming holidays and court closures, the dates for the exchange of infringement and invalidity contentions should be extended to December 22, 2022 and January 23, 2023, respectively (instead of December 8, 2022 and December 28, 2022). In order to allow sufficient time for the Parties to review and analyze the infringement and invalidity contentions, the Parties further agree that the dates for claim construction exchanges and briefing should likewise be extended as noted on page 2 above.

Additionally, the Parties recognize that the new proposed date for the close of claim construction briefing falls only one week before the currently scheduled *Markman* hearing. The Parties have jointly proposed the above revised case schedule dates for the *Markman* hearing and beyond in the greyed-out rows on page 3-4 above in order to allow the Court additional time to review the claim construction briefs before the *Markman* hearing if desired. In order to allow time to incorporate the Court's claim construction order into expert reports, the Parties have also jointly proposed further modifications to the expert report and subsequent deadlines to accommodate an extension of the date for the *Markman* hearing. The modifications also allow the Court additional time to consider the trial briefs, proposed voir dire questions, and jury questions before holding

1 the pretrial conference, and to start the jury trial in a time period that is uninterrupted by end of
 2 year holidays and the Court's closures around and observance of the holiday season. The Parties'
 3 jointly proposed case schedule modifications are modest, comport with the Local Civil Rules, and
 4 in total only move the trial date by slightly more than a month.

5 Therefore, the Parties jointly request that the Court enter the above modifications to the
 6 case schedule for good cause.
